Important!
Do Not Delay!

Immunization Form REQUIRED for you to proceed with Class Registration at UCF

Obtaining proof of immunizations may be a time-consuming process, so start now!

1. UCF will accept the official State of Florida Immunization form, issued by local health departments and physicians offices, in conjunction with completing this form. If you have this form, attach it to the UCF Immunization form you download from the UCF website and mail it to UCF Health Services, Attn: HIM Department, P.O. Box 163333, 4000 Central Florida Blvd., Orlando, FL 32816-3333

2. The Advisory Committee on Immunization Practices (ACIP) has recommended that college freshman living in residence halls receive vaccinations for meningococcal meningitis. By action of the Florida State University System Board of Governors, this recommendation is supported by the policy effective July 1, 2008 that “all NEW matriculating students must provide documentation of vaccinations against meningococcal meningitis and hepatitis B or provide a signed waiver for each declined vaccination.”
MANDATORY IMMUNIZATION

Complete and send this form to the address specified below prior to the class registration deadline. **Completion of items A, B, C & E is required** to comply with the Florida Statute 1006.69 and the Florida Admin Rule 6C-6.001(5). **Completion of item D is recommended.** This form is also available via the UCF Health Services website at: [http://www.hs.sdes.ucf.edu/forms/hc/Immunization_Form.pdf](http://www.hs.sdes.ucf.edu/forms/hc/Immunization_Form.pdf)

**Waivers for Meningitis and Hepatitis B**

I have read the information provided and I decline the vaccine for Meningococcal Meningitis.

(initial) __________________________ Date: __________

Signature: __________________________ Date: __________

**Medical Consent if Under 18 Years Old**

MEDICAL CONSENT (for students under 18): I HEREBY AUTHORIZE the Health Services and the University Counseling Center at the University of Central Florida to employ diagnostic procedures and to render any treatment or medical, dental, surgical, psychological, or psychiatric care deemed necessary to the health and well being of my student. I grant permission for the transfer of my student to an accredited hospital or other care facility if deemed necessary by the medical or mental health provider.

Signature of Parent or Guardian: __________________________ Date: __________

Send or fax form as soon as possible, preferably three (3) weeks prior to your scheduled orientation session to:

UCF Health Services, Health Information Department, University of Central Florida  
P.O. Box 163333, 4000 Central Florida Blvd., Orlando FL 32816-3333  
Fax: (407) 823-3135  
Phone: (407) 823-3707 and (407) 823-2119

PLEASE KEEP A COPY FOR YOUR RECORDS
Accurate and complete immunization information is required for registration at UCF. Incomplete information may result in your registration being delayed or even blocked. Please follow these directions:

Name/phone, etc. Print all information legibly. Provide both Social Security and/or UCF ID number.

1. MMR: This combination vaccine is often given because it protects from measles, mumps, and rubella. Two doses are required for entry into UCF. (1) The first dose must have been received at 12 months of age or later and in 1971 or later. (2) The second dose must have been received at least 28 days after the first dose as per CDC guidelines. ~OR~~

2. Measles (Rubeola): Two doses are required. (1) The first dose must have been received at 12 months of age or later and in 1968 or later. (2) The second dose must have been received at least 28 days after the first dose ~AND~

3. Rubella (German Measles): One dose is required. One dose at 12 months of age or later and in 1969 or later.

Section B is NEW and must be completed. READ CAREFULLY. You MUST either have the vaccines or sign a waiver stating you have read about these diseases and decline the vaccines.

Section B: Menomune/Menactra or Menveo(Meningococcal meningitis vaccines): The Advisory Committee on Immunization Practices (ACIP) currently recommends this vaccine for freshman planning to live in campus dormitories/residence halls. Students wishing to decline the vaccine must first read the information in the box below. Signing the waiver indicates that you understand the possible risk involved in not receiving this vaccine. If you are under the age of 18, a parent or guardian must sign the waiver for you.

Waiver Statement-Meningococcal Meningitis: College students, especially freshman living in residence halls, are at a slightly increased risk for contracting meningococcal disease. The bacterial form of this disease can lead to serious complications such as swelling of the brain, coma, and even death within a short period of time. Three vaccines are currently available that decrease, but do not completely eliminate, a person’s risk of acquiring meningococcal meningitis. This element of uncertainty remains because there are (5) different serotypes (A, B, C, Y and W-135) and the current vaccines do not offer any protection form serotype B. For more specific information about meningococcal meningitis and college student risks, please visit UCF’s Health Centers Web site at: http://www.hs.sdes.ucf.edu/

Section B: Hepatitis B (HBV) immunization: You are encouraged to receive this series. Students in many Academic Health Programs are required to have the HBV series. Students wishing to decline this vaccine must read the information provided below. Signing a waiver indicates that you understand the possible risk involved in not receiving this immunization. If you are under the age of 18, a parent or guardian must sign the waiver for you. The vaccine is usually administered as a three-dose series on a 0-, 1-, and 6-month schedule. The 2nd dose should be given 1 month after the first dose; the third dose should be given at least 2 months after the second dose and at least 4 months after the first dose. The Hepatitis B two-dose schedule “Recombivax” should be supported by an official document and the 2nd shot is administered 4-6 months after the first one.

Waiver Statement-Hepatitis B: Hepatitis B (HBV) is a serious viral infection of the liver that can lead to chronic liver disease, cirrhosis, liver cancer, liver failure, and even death. This disease is completely preventable. Hepatitis B vaccine is available to all age groups to prevent Hepatitis B viral infection. A series of three doses of vaccine are required for optimal protection. Missed doses may still be sought to complete the series if only one or two have been received. The HBV vaccine has a record of safety and is believed to confer lifelong immunity in most cases. For more specific information about Hepatitis B disease and vaccines, please visit UCF’s Health Centers Web site at: http://www.hs.sdes.ucf.edu/

Section C: An MD office, clinic, or health department “official stamp” AND an official signature must appear on this form or on the attachment(s) to be complete and approved.

Section D: Identify if you have Type (1) Diabetes and whether or not you are interested in participating in the UCF Health Services program to help students with Type (1) Diabetes.

Section E: A signature of parent or guardian MUST be included here if the student is under the age of 18.

For more HELPFUL TIPS to complete this form and for information about valid exemptions, check out UCF’s Health Centers Web site at: http://www.hs.sdes.ucf.edu/
If you can answer “yes” to each of these checklist questions, you are ready to mail or fax the Mandatory Immunization Form:

___ 1. Is all the information printed and legible?
___ 2. Have I included my social security and UCF ID numbers?
___ 3. Have I listed dates for: Either two MMR vaccinations OR two Measles and one Rubella?
___ 4. Have I been immunized for Meningococcal disease OR signed the waiver that I decline the vaccine?
___ 5. Have I completed or at least started the Hepatitis B series OR signed the waiver that I decline this vaccine?
___ 6. If I am under the age of 18 now, did my parent or guardian sign the waivers referred to in # 4 & 5 above AND the consent for medical treatment at the bottom of the form?
___ 7. Has my doctor’s office or clinic officially “stamped” either this form or another form verifying immunization requirements?
___ 8. Is there an authorized health professional’s signature in place?

So, how did you do? Please remember that if your immunization information is incomplete or inaccurate, UCF registration may be delayed or even blocked.

Send or FAX the one page Mandatory Immunization Form (with any attachment) as soon as possible, preferably three (3) weeks prior to your scheduled orientation session to:
